

Spring Gardens Mount Wilson

If you have never been to Mount Wilson in Spring or Autumn, then you've been missing out. It's known mostly for its incredible vibrant Autumn colours, but many people don't realise that it is just as colourful and beautiful in Spring.

Residence of Mount Wilson open their private gardens to the public during these two seasons for a small fee, usually around \$10 - \$15 per garden (cash preferred). There is much to enjoy around Mount Wilson itself, but I highly recommend visiting at least two gardens while you are there.

For Spring my recommended gardens in order of preference are –

- | | |
|-----------------------|---------------------------------|
| 1. Nooroo Gardens | 11-15 Church Lane, Mount Wilson |
| 2. Windyridge gardens | 25 Queens Ave, Mount Wilson |
| 3. Breenhold Gardens | 29 The Avenue, Mount Wilson |
| 4. Bebeah Gardens | 60 The Avenue, Mount Wilson |

Windyridge sometimes has scones, cakes, tea and coffee for sale but just in case I suggest you take a picnic lunch and enough to drink for the day. The nearest shops are approx. 30 mins drive away.

Camera equipment to take –

- Camera
- Lenses – Macro if you have one but not essential, any other lens available
- Tripod
- Spare Batteries and cards

Suggested extras to take with you but aren't essential –

- A piece of black or white mat board to place behind a flower to remove a distracting background.
- A spray bottle of water to create water droplets on a flower for extra effect.
- A torch or light source
- Any other props you think might work in a garden setting

You will have a great day regardless of what you choose to do in Mount Wilson. We hope to see you there!
